Perimeter Aspiration Uses an additional panel to create a Venturi effect along its edges for more intensive and effective extraction. Energy-efficient The Schweigen Isodrive® motors are amongst the most energy-efficient in the market, requiring just 57 watts of power to run on some models. Discreet design Sleek profile integrates seamlessly into the ceiling for a modern, minimalist look. Multi-purpose ventilation Suitable for use in the bathroom, bedroom, toilet, garage, wine cellar or laundry room. In the box. Prestige FRAMELESS exhaust grille (gyprock set) Silento mixed flow fan Flexible core ducting Stainless steel external gravity grille Warranties Enjoy peace of mind with a 5-year warranty on the motor.* Frequently Asked Questions Why can't I hear the Schweigen rangehood running? Schweigen's Isodrive® technology places the motor remotely in the roof cavity, wall or ceiling void — away from the kitchen. At low speeds the rangehood is virtually silent, because the only sound source is air moving through the filters, not a motor above the cooktop.
