About this product

Features Plastic (PPE) enclosure Duct connection ports of nominal diameter 150 mm. Two Vortice EC (brushless) motors with shaft turning in ball bearings, each coupled to a backward curved centrifugal impeller; 3 speeds, selectable independently at the moment of installation. Air flow can be set between 50 m 3 /h and 350 m 3 /h. A very high-efficiency counter-flow heat exchanger in PS resin. Automatic, filtered 100% by-pass Vortice-integrated frost protection. Two F5 filters (optional F7 filter on intake duct) Electronic control with LCD display Brackets for wall mounting included Models Code V~50 Hz W max A max Max Airflow (m3/hr) Max Airflow (l/s) Max Pressure (Pa) dBA @3m VORT HR 350 AVEL EXPORT ALV11396 240 165 1.4 350 100 880 39.7 HR300 NETI ALV10935 240 50 190 83 300 735 28 Frequently Asked Questions How does a heat transfer kit work? A heat transfer kit uses a small fan to draw warm air from a room with a good heat source — typically a room with a wood fire, slow combustion stove or reverse-cycle unit — and duct it to cooler rooms elsewhere in the home. It requires no new heating system; just a small ceiling penetration and the kit's ducting and fan assembly. Can a heat transfer kit be used for cooling as well as heating? Yes.

Frequently asked questions

How much is delivery?

Small parcel-sized items ship at a flat rate shown at checkout. Large or heavy items such as rangehoods, roof ventilators and kits are freight-quoted: we confirm the cost to your address and send a secure payment link before anything is charged.

How long will my order take to arrive?

We dispatch from Erina NSW within 1–3 business days. Delivery usually takes 2–10 business days depending on where you are.

Do you deliver to WA, NT and Tasmania?
Yes — we deliver Australia-wide, including WA, NT, Tasmania and regional areas. Remote areas can take a few extra days.

Talk to a specialist: 1300 789 333 (Mon–Fri 9am–5pm AEST) · info@airdry.com.au. Prices and availability can change — check airdry.com.au for the latest.
